Herman Goering, Albert Speer, Rudolf Hoess : The Nuremberg Nazi Trial: Excerpts from the Testimony of Herman Goering, Albert Speer, Auschwitz Commandant Rudolf Hoess, and Others before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Nuremberg Nazi Trial: Excerpts from the

Testimony of Herman Goering, Albert Speer, Auschwitz Commandant Rudolf Hoess, and Others:

16 of 17 people found the following review helpful. Raw HistoryBy Very CuriousThis is a collection of excerpts from the trial transcripts that will stir emotions while also making you think. Was this an exercise by the victors to get revenge from a ruthless enemy that started an unnecessary global disaster or an effort to send a message to future amoral leaders that their crimes would not go unpunished. While reading the book it becomes clear that the trial meant different things to different people. From Jackson's clear and logical opening statement to Goering's attempt to save his neck by avoiding direct questions and adding commentary to redirect the court's attention, this book was hard to put down. This is raw history with no spices added. Enjoy it, learn from it and draw your own conclusions.6 of 6 people found the following review helpful. Interesting, but nothing new and not helpfulBy B. LindseyWhile this book collects some of the most interesting excerpts from the first Nuremberg Trials in 1946-47, it has no citations telling you where the excerpts came from and where to find them. This may seem trivial, but the Nuremberg Trial documents are not terribly easy to navigate. That information would help anyone who is beginning their studies on the trial or one of the defendants or witnesses a great deal. Also, it is just good academic behavior to cite your source.All of the first Nuremberg trial documents and cases are available online [...], so for anyone who wants to take the extra time, there is much more available to study.The book is good for the non-professional, simply interested in getting the Spark's Notes version of the testimonies. For students, however, the book should only act as a stepping stone to the actual documents. But because document and case numbers are not given, it does not fill that role.

From the official record of the Nazi war crimes trial. The Indictment document, the prosecution's opening statement, selected testimony from survivors and Nazi officials, and the prosecution's summary closing statement.
