triggered on through to settlement of New Amsterdam, then this is for you. If you want details and lengthy explanations, then use its bibliography for finding those references. A good way to open discussions with middle school through adult readers. 0 of 0 people found the following review helpful. Great Book By Hil Easy and fantastic read. I learned a ton.

Mention 1492 and most people conjure up images of three stout ships making their way west. But 1492 was the year in which the vibrant Jewish community of Spain came to an abrupt and tragic end. This book details the expulsion of the Jews from Spain and Portugal and their early immigration to the New World. European anti-Semitism followed the Jews but the newcomers persevered and made a home for themselves in the New World.
