**John Haywood : The Penguin Historical Atlas of the Vikings (Hist Atlas)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Penguin Historical Atlas of the Vikings (Hist Atlas):

Viking marauders in their longships burst through the defences of ninth-century Europe, striking terror into the hearts of peasants and rulers alike for two centuries. But the Vikings were more than just marine warriors and this atlas shows their development as traders and craftsmen, explorers, settlers and mercenaries. With over sixty full colour maps, it follows the tracks of the Viking merchants who travelled deep into Russia, of Viking mercenaries who served in the emperors bodyguard at Constantinople, and Viking mariners who sailed beyond the edge of the known world to

North America.
