**Leonard E. Barrett : The Rastafarians: Twentieth Anniversary Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rastafarians: Twentieth Anniversary Edition:

1 of 1 people found the following review helpful. InsightfulBy Ellwood MouchettePeace and love I idren and I sistren. This book was a wonderful read. I feel the authors experience through his colorful descriptions. He provides a massive overstanding of Rastafarian origin and our continuous journey and integration into modern society. I recommend this book to everyone looking to begin their study/research on Rastafari. I and I Give Thanks and Praises for knowledge

and overstanding!!Blessed Love in the name of HIM Haile Selassie I, Jah RASTAFARIO of 0 people found the following review helpful. Who knows about Rastafarians?By RoseEveThis will explain their source of religion and what is believed and how it came about.1 of 1 people found the following review helpful. From a scholarly perspective.By CJAs a student of anthropology, this is a very interesting book. It covers the broad subject matter of the Jamaican Rastafarian religion, including their core beliefs and rituals. Also interesting is the information on foodways and other obscure customs little known to the general public.

The classic work on the history and beliefs of the Rastafarians, whose roots of protest go back to the seventeenth-century maroon societies of escaped slaves in Jamaica. Based on an extensive study of the Rastafarians, their history, their ideology, and their influence in Jamaica, *The Rastafarians* is an important contribution to the sociology of religion and to our knowledge of the variety of religious expressions that have grown up during the West African Diaspora in the Western Hemisphere.
