Remember the significant contribution that the Quaker's made. Wonder that today we still have so far to go to ensure equal rights for women. When women do not have equal rights we are all diminished.0 of 0 people found the following review helpful. A must for an understanding of those times.By Robert W. Account of the 1848 Seneca Falls Convention and the beginning of the U.S. woman's rights movement. Feminists from 1848 to the present have rightly viewed the Seneca Falls convention as the birth of the women's rights movement in the United States and beyond. In *The Road To Seneca Falls*, Judith Wellman offers the first well documented, full-length account of this historic meeting in its contemporary context. The convention succeeded by uniting powerful elements of the antislavery movement, radical Quakers, and the campaign for legal reform under a common cause. but also in the life of women's rights pioneer Elizabeth Cady Stanton. It is this convergence, she argues, that foments one of the greatest rebellions of modern times. Rather than working heavy-handedly downward from their official Declaration of Sentiments, Wellman works upward from richly detailed documentary evidence to construct a complex tapestry of causes that lay behind the convention, bringing the struggle to life. reform history with individual and collective biographical elements. *The Road to Seneca Falls* challenges all of us to reflect on what it means to be an American trying to implement the belief that all men and women are created equal, both then and now. A fascinating story in its own right, it is also a seminal piece of scholarship for anyone interested in history, politics, or gender.

"This book fills a major historiographic gap in our understanding of the emergence of the women's rights movement. With clear and jargon-free writing, Wellman compellingly depicts the social, political, economic, and cultural forces that combined to produce the convention, placing us in the event and giving it new historical depth and immediacy."About the AuthorJudith Wellman is the director of Historical New York Research Associates and a professor emerita of history at SUNY Oswego.
