**Hargrave Jennings : The Rosicrucians, their Rites and Mysteries - Scholar's Choice Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rosicrucians, their Rites and Mysteries - Scholar's Choice Edition:

1 of 1 people found the following review helpful. I bought this because it was on a respected reading list, its okay...By KaitaloipaThis book is not going to blow your mind or anything. Its got some interesting stuff and is worth fleshing out an occult library with it, but overall, meh...1 of 1 people found the following review helpful. Wonderful Rosicrucian InstructionBy John C.This is a book I've long wanted. I'm so glad to find a Cornerstone copy on Kindle. It does seem a bit deep, but a study of it should be very helpful in my growing in Light.8 of 10 people found the

following review helpful. This not the whole volume. Parts are missingBy karapasTake care !This is a beautiful text but this edition is not the whole and complete volume. I just ordered the 1920 authentic publication. This book claims that it is a strict reproduction (facsimile) of the 1887 edition. The truth is, when you get to the end of this book it says "end of Vol.1" Where is the second Volume ?Yes take care. This book is not the complete work. My other book of 1920 that I ordered, is the real complete volume. It has more pages text and illustrations.This work is amazing to have, a true treasure, but you have to find the complete one. In this copy they don't even mention that it is not complete until you read it all and in the end you see the "end of Vol. 1" !!!/ don't seek the second volume on this one though..Just make your research and find another edition. I paid 185\$ to get my full privately bound leather edition of 1920 circa and I am very very happy with it.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work.As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

About the AuthorAbout the Author: "Hargrave Jennings (1817-1890) was a British Freemason, Rosicrucian, author on occultism and esotericism, and amateur student of comparative religion.In several voluminous works, Jennings developed the theory that the origin of all religion is to be sought in phallic worship of the Sun and fire, which he properly called "phallism."In addition to the works to which he affixed his own name, Jennings is thought by some researchers to have written a number of anonymous volumes in the privately printed "Nature Worship and Mystical Series" series, and possibly also to have written under the pseudonym "Sha Rocco."As Jennings made clear in several of his books, he used the word "phallic" in its non-gendered sense, meaning "having to do with the sexual organs"; thus he included worship of the female genitalia under the heading of "phallic." In later editions he reluctantly acceded to popular (although incorrect) usage and called his subject "phallicism."" (Quote from wikipedia.org)
