3 of 3 people found the following review helpful. NUREMBERG FIASCO EXPOSED By Michael Tsarion Another comprehensive expose of secret society activity in America and the world. The book is especially commendable for its analysis of the infamous Nuremberg Trials. This fiasco of justice is competently dealt with in this book, and for that

reason alone the book is highly recommended. I also recommend the other two volumes of this Ruling Elite series. 5 of 6 people found the following review helpful. Five Stars

An excellent account of the disaster called WW II, of which more lies have been written than any other part of recent history. Well done.

Providing a general overview of the accurate history of World War II-which was essentially a continuation of World War I with the same saber-rattling participants-The Ruling Elite describes the circumstances leading up to World War II. Author Deanna Spingola discusses how the diaspora-distributed international bankers living and prospering in Britain, France, and America influenced greedy, compromised, and complicit politicians in those nations. The Ruling Elite explains that through deceptive propaganda, those politicians persuaded naive citizens to wage war against Germany, a peace-loving nation whose leaders were uncooperative with the bankers, which led to World War I. Following that war, German officials rejected the bankers and their money-lending scheme to save their nation and its citizens from the burden of debt. The aftermath of World War II-a deadly war that killed millions and imposed communism in numerous countries-impacted every banker-occupied country in various ways: culturally, morally, politically, and economically. Researched through historical documents and scholarly works, The Ruling Elite describes how warmongers regularly project their criminal activities onto others, frequently blaming the victim, whether an individual or a nation. Spingola offers an unbiased look at World War II beginning with Hitler and the rebirth of Germany through the aftermath of the war.
