**William Sullivan : The Secret of the Incas: Myth, Astronomy, and the War Against Time** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Secret of the Incas: Myth, Astronomy,

and the War Against Time:

Step by step, Sullivan pieces together the hidden esoteric tradition of the Andes to uncover the tragic secret of the Incas, a tribe who believed that, if events in the heavens could influence those on earth, perhaps the reverse could be true. Anyone who reads this book will never look at the ruins of the Incas, or at the night sky, the same way again. Illustrations. From the Hardcover edition.
