**Fatima bint Muhammad : The Sermon of Lady Fatima** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Sermon of Lady Fatima:

There is no doubt to the importance the Holy Prophet gave to his daughter, Lady Fatima. The Holy Prophet said this about his daughter Fatima on several occasions: "Fatima is a part of me. Whoever hurts her hurts me, and whoever delights her delights me." Soon after the demise of the Holy Prophet, the first caliph Abu Bakr usurped the land of

Fadak. It was gifted to this very lady by her father. He argued that Prophets do not leave inheritance and claimed he heard this saying from the Holy Prophet himself. To claim her right and prove otherwise, Lady Fatima headed to the Prophets Masjid and gave a remarkable sermon recorded in this book. This short book enlightens the reader of her prophetic knowledge and wisdom, while reminding us that she left this world disheartened.
