known perspective of WWII By David Beaubien When the book arrived, I opened it immediately and read for a straight eight hours ----- cover-to-cover nonstop. To me it was a "page turner", and with a reading glass to boot --- I think Pieter has created a masterpiece ----- he tells a story that, as far as my past reading on WWII goes, has not been told before. I have only known Pieter professionally. I had no idea how much he suffered in his youth. Clearly it made his soul stronger ----- the title is well chosen". 0 of 0 people found the following review helpful. I hope someone makes it into a movie. The author's bonding with Aaron van den Berg was so touching - I had tears in my eyes. It is a wonderful and informative book."
